

# FlashDome

increase your profits and add beauty.

FlashDome Slashes the cost of Ultraviolet doming. Now you can add the fantastic domed look to your Metaza parts.

FlashDome Slashes the cost of using Ultraviolet cured doming resin. Now you can add the fantastic domed look to your Metaza parts.

FlashDoming increased the viewing angle, makes the engraving jump off the metal and practically indestructible.

Tired of your customers complaining about wear and tear on their pendants and keychains? FlashDome will make them indestructible and your work a step above the rest.

Here is a fantastic way to increase your profits and add beauty. Get an extra \$ from each sale.

FlashDome's high intensity UV lamps cure the resin in just 5 minutes and the unique resin rolls out to the edge of your image area and stops there. The resin stops at the sharp edge and builds up, creating a fantastic water clear bubble over your work.

Here is what comes with the system

FlashCure -28 28 watt ultraviolet curing system.  
(3.5" X 3.5" curing area)

Bubble remover

2 oz. of FlashDome resin in Application Bottle. ( enough for 100 + dogtags).

Now the BEST PART. The complete System only costs \$245.00

The 2 oz. bottle of flash dome resin is only \$16.00 per bottle.

See more incredible innovations on our website at [www.instadome.com](http://www.instadome.com). To place your order or for more information give us a call at 450 449-0142 or email at [info@instadome.com](mailto:info@instadome.com).

New slide action moves the machine over the work. You don't have to move your part to start the curing.
